

THIS IS A FORMULAE FOR

**DIVINE ALCHEMY**

AS GIVEN TO THE COSMIC ENTITY FREEDOM

DIRECTLY FROM SAINT GERMAIN, HIS TWIN FLAME PORTIA

& THE SPIRITUAL HIERARCHY

To Chelas and Masters incarnate I give you these sacred formulae for Divine Alchemy with this note:

This formula is sacred and designed for individual and group creation of Divine Will and as such these formulae will render attempted creation of our simple or complex personal needs and desires totally ineffective. These formulae can be used to create for self only as it relates to you in the (world) decrees or for emergency situations. Remember, even Jesus used his powers and knowledge to still the waters. This 2009 formulae is now 17 years old with somewhere around 90,000 copies in 17 countries in 3 languages so far. As Alchemists of Divine Light, Spirit will take care of our personal needs and they should not be dwelled upon in fear, ambition, contempt, greed, desire or ritual. This will create an even stronger energy field and protection field around us and our work. The calls and pledges to God and your Higher Self are a permanent part of you from now on. The highest power level of Light is achieved through Purity and Knowledge, Purity being of the most importance. "Love all, Serve all and Help ever, Hurt never!"

**STAGE 1: OPENING**

*LEADER READ ALOUD*

Everyone hold hands. Now take a deep breath. I call to our Higher Selves and ask that our Higher Selves melt with our physical bodies and raise ourselves and our energies as high as we can go. I call to Michael the Archangel and I ask that if there are any entities on any of us that are not of the Light, I command that you remove them immediately and put them through the Violet Flame and send them to the Light. Now please send love and Light to the person on your right. As the energy flows I call to the Angels, the Archangels, the elemental kingdom and all the Gods and Goddesses, to Sai Baba, Jesus, Buddha, Moses and all the Divine Masters, to come to our circle and amplify what we are doing. Please send love and Light to the person on your left. As the energy flows, the circle is closed and only that which is of "Light" may enter. I ask that each person here receives any healing that he or she needs and that Father/Mother, you guide us into doing not my will but thy will be done.

**A) DISPENSATIONS**

I call to Vista of our own Sun and ask for a special dispensation during the Golden Age. Under the Law of Divine Grace, I request permission for the use of group alchemy to help the hierarchy create the world, political, economic, social, spiritual and elemental changes necessary for a true Golden Age. I give thanks and bless all that is.

Right now I want you to take a minute and see in your mind's eye each member of your family and your friends. As you're doing this I call to Adirion and ask for him to create amulets of himself for each of us, our family, friends and all Lightworkers on the planet. This is to render us, our family, friends, all Lightworkers and our creative endeavors invisible to the evil eye. The Light that we produce will thus be rendered untraceable to darkness on all levels. We ask that this energy be activated everyday and to continually empower us for our work.

## STAGE 2: DECREES

*Each decree is to be sent out to the universe from a plateau created at the point of a deep belly-filled breath. Visualize each decree completed in your mind at this plateau, then release with an outgoing breath. Hold hands palms facing each other a few inches apart at belly height. Visualize a ball of energy containing the thought form, then raise it to mouth level and blow the breath of life from your deeply filled lungs through it as you thrust the idea forward with arms extending forcefully.*

*All decrees must be from the Soul and be part of the will of God in order to have effect.*

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

That all of our family, friends and Lightworkers be surrounded by a bubble of the healing and protective Blue Light of Michael the Archangel and that Meta the Chohan of the Healing Ray, minister to our family, friends and all Lightworkers whenever they have injury, sickness or disease. Then let a barrier of White Light and Violet Flame be put in place to prevent darkness from entering their lives. *(Here add any names of people who need special healing or help.)*

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

Clearing of blocks and veils placed over all earth incarnate members of the Spiritual Hierarchy, White Brotherhood, Angelic Kingdom and Light working extraterrestrials within God's plan. I call to the Higher Self of all Lightworkers and I command that you be open to all that is Light, release all blocks, and remove all overlays placed on you that prevent your attaining Christ Consciousness. Awaken to God's plan, what your work is to be and accept your cosmic responsibility to that plan and becoming conscious beings. I call for recognition of each other. I command that all humanity (starting with the Lightworkers) be made aware of karma and how to burn off negative karma through singing songs to any of the names of God, doing service work, doing good deeds and being true to your Inner (Soul) Self.

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

Amplification of healing and soul contacted clairvoyant powers for all that are working specifically and visually in the Light of love. These to be used as an example of the power of The Christ to enlighten, love and heal. I call to the Angels and to the Divine and ask that all who are the teachers of the New Age, that are bringing forth the spiritual truths, be sent all the means they need. That they can bring their gifts forth and may give it freely to those who don't have money or can't afford it. Allow them to receive abundance one hundred thousand fold for that which they do.

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

Opening of doorways for all Angelic Beings and Lightworkers trying to get to this plane for work ethereally or to incarnate for the good. The removal from all incarnate and disincarnate humans any group karma that interferes with the individual or group movement towards God and their Higher Selves.

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

Activation of the law of Divine Abundance to a point exceeding Atlantean and Lemurian times. Let this be directed to all Lightworkers and Divine Alchemists as a teaching tool. I now see the Lightworkers being so filled with Light that they're magnets for everything that they need, it's being drawn to them. There is abundance on all levels and Divine workers that will help each other fulfill their Divine missions. I command that all Lightworkers be given the Divine inspiration on how to fulfill their Divine Mission NOW! Let them be sent all the means they need to succeed and let each true Lightworker be given the keys that will unlock their storehouse of treasures NOW!

### **In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

Bringing forth God's plan and the completion of Jesus The Christ's plan for planet earth, Himself and for His continued success as He moves forward according to the Cosmic Plan, with the love and adoration of all for His undying love and service. The triumphant return to planet Venus of Sanat Kumara with full regal fan fare and every life form in God's creations singing praises to his love and dedication for saving Earth. The completion of the Piscean age with all on Earth being aware of the Christ within and without. The emergence of the Golden Age and the next Cosmic Christ as heralded by all religions on earth (*2<sup>nd</sup> coming of Jesus Christ for Christians; Prema Sai Baba for Hinduism; Moses for Judaism; the original Buddha for Buddhism; the Great Spirit for American Indians; the Kahuna, Maitrea, Confucius, Mohammed, etc.*). The realization by all that God is one and the same regardless of the name we use for God. The acceptance that we are all one and that God is within us all. The completion and movement forward of planet earth with all life forms successfully raising their consciousness and moving forward with the planet.

With permission of God and all Masters of Light living on Earth, past, present and future, I would like to send you Divine Energy and command that

the crystals amplify this energy. (*Chant long "OM" here*). I call forth the Violet Flame to blaze through you from your heart to help you transmute everything you need help with. I call to the Gemstone Guardian of Angelite and I call forth the Angelite energy to be placed under the feet of all living masters on the earth plane, especially Sai Baba and that the Angelite energy absorb any discomfort you may have. While the Violet Flame blazes through your bodies, I call to the Higher Selves of everyone in your organizations, especially the decision makers, and I command that they become honest and that they release the patriarchal energy and bring women forward as equals. If they choose not to come forward in the Light that the Angels and their Higher Selves put you in a position of harmlessness and a Lightworker will come forward to carry out God's plan. I ask Michael's sword of Blue Flame to cut all ties and binds to this energy and all followers of all Masters of Light.

I call on the Chohans and the colors of all the rays to blaze through your hearts onto all humanity, Angels, elementals, and the planet, above and below, transmuting all back to Love, raising all vibrations higher and sending each the color that they need. I call forth the 3-fold flame from your hearts to blaze through humanity, Angels, elementals and the planet, above and below. I ask that you amplify these things and accelerate all the Divine Missions in a positive quantum way.

**In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

A call to the Higher Self of everyone on Earth to reawaken the knowledge and soul remembrance, of what it is like to be in perfect balance and harmony with your balanced masculine and feminine side and of what it feels like to be connected with Divine Energy. In your mind's eye, see Light being added to humanity's DNA structure. See this change become a new/old soul memory changing inside Mother Earth's DNA structure as well. See this Divine Light being directed to everyone's heart and brains, especially the part of the brain that is reptilian, adding emotions and feelings to that part of all reptilian and human brains (Cosmos Wide).

I call to the Higher Selves of everyone on this planet and ask that, as a group, we petition to Helios and Vista that the Violet Flame blaze through earth and all humanity to erase the past, present and future karma created from the off balanced patriarchal energy. I call to Michael the Archangel to cut all ties and binds from humanity, the Earth, Angels, elementals and the unbalanced masculine energy. As all ties and binds are cut, see them being transmuted by the Violet Flame and see those empty spaces being filled with Divine Inspiration, Wisdom and Divine Heart to function from. Replace this energy with Divine Matriarchy.

I command that this integration with humankind be gentle, loving and kind and let humanity apply this new energy in very practical ways. In your mind's eye, see this balance affecting all generations backwards and forwards, as a ripple of water flowing in harmony with nature. See a burst of Balanced Divine Energy affecting all incarnations on earth at once. See everyone's DNA cells, atoms and molecules raised to a higher vibration of Divine Light. Let each atom, cell and molecule in humanity and the earth be connected with the Divine Energy source creating Divine Balance. I command that all people and groups standing behind the patriarchal energy step into the Violet Flame and walk in the "Light".

**In the name of the presence of God, which I AM, with this request of Beloved Vista of our Sacred Sun that she grant to us a special dispensation, through the magnetic power of the sacred fire vested in me:**

I require of our precious Lord Jesus that you give your virtue and power to us over any of your Divine Angels that have been thrown down from Heaven, whereby they strive to deceive mankind. That you draw them to us in name only to tie and bind them where they are and to release them when their awareness is focused on Love and doing good with the command that they do all that they can to reverse the damage that they have done. Require them to help us in every way possible to enable mankind in its entirety to move forward into the Golden Age, then onto liberation through Ascension. Thus to redeem themselves through this process. That by no means, whatsoever, may they interfere with us and the work we undertake. That they may not do or run counter to our collective individual voices, but that they obey us and our sayings. (*Silently add here - people who you positively know are misusing energy through hatred, witchcraft, Satanism, voodoo, etc.*).

I ask you, O God of many glorious names that you, through humanity, mercy and grace, and with your legion of Lightworkers (many already called upon in this formulae), by all the powers, denominations and virtues that be and by the names that Solomon did bind the devils and shut them up (as furnished now by our Higher Selves). Through the virtues of all the Gods, Goddesses and Angels, enable us to congregate all thy spirits thrown down from Heaven that they may give us right actions and answers to all our requests and demands without any interference or damage to us, our family and friends, both body and soul. This on all levels including everything which is ours through Our Lord Jesus Christ, Sai Baba and all Avatars throughout eternity which live and reign with God.

**In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

A call to the Higher Self of the decision makers and money suppliers of credit card companies, banks and all loan institutions and ask them to step forward into the Light, becoming less greedy and manipulative. If they choose not to step forward into the Light, that their Higher Selves and Angels put them in a position of harmlessness, allowing Light workers to step forward and take control. I command the Angels to remove any Magical Energy overlays protecting credit card companies, banks and all loan institutions from Divine Accountability. See Michael the Archangel cutting ties to credit card companies, banks, loan institutions, politicians, self-interest groups and the practice of legal loan sharking. See the credit card companies lowering all the high interest rates and releasing people from the penalties they imposed. See the laws being changed so people have 3 extra mail days to pay their bills (allowing for mail delays). See credit card companies being regulated and their interest rates dropping to under 15%.

I again command the Angels to keep removing any dark energy protecting all credit card companies, banks and loan institutions from Divine Accountability.

We call to the philanthropic people of light to take over big banks, changing them from top to bottom. See these good men and women creating new banks and companies that are compassionate, caring and supportive of humanity. See ordinary people creating enough income for themselves to pay off all credit card debts before they are due.

For the Goddesses of Love, Truth, Mercy, Compassion, Righteousness and Justice step into their lives and show them the error of their mis-balanced ways. For Lord Zadkiel and his heavenly hosts to step into these misguided Lightbeings' lives continuously to amplify the Violet Flame around them and transmute the evil thought-forms, words, ceremonies, deeds and rituals into love or totally neutralize useless energies that burn out of their own account. We then call on Meta of the Healing Ray to minister to these misguided light beings daily. We send Divine Light to their hearts and brains. I Ask that all of the above be placed in a bubble of mirror, facing them 2 inches from their nose. This mirror stays in place as long as they do their will –sending the energy back to them. It will disappear when they do God's divine will. Let these shields of energy be in place on all darkness from this time through the Golden Age.

**In the name of the presence of God, which I AM, through the magnetic power of the sacred fire vested in me, I command:**

### STAGE 3: VISUALIZATION

#### LEADER READ ALOUD

We visualize and ask for help from our Higher Self in filling our creations with light until the entire atomic structure of each creation is filled with light creating holographic, fourth dimensional objects. We then ask for a speeding up of the light activity and ask for a lowering of the density until solid three-dimensional objects are created.

*(All Chant):* "OM...OM...OM"

### STAGE 4: MEDITATION

As you begin your meditation, in your mind's eye create a cloud of boiling white light above you and your creations (at first a cloud of 20 feet in diameter will do, but later on you can increase the diameter as you see fit). If you work in a group with a knowledgeable leader, tremendously large bubbles can safely be created, even covering entire earth with this creative cloud at times.

Visualize the cloud too thick to see through at first. The only thing you can see are lightning-like electrical disturbances running around inside (like a telsa coil). Now see and feel the cloud lower down over you and your creations. At first, the thickness prevents you from seeing out, but later, as you meditate in this cloud, you see and feel it thinning to a point where everything is crystal clear. With this cloud settled over you, meditate on your creative effort for at first no more than 15 minutes. Later, you can increase the meditation as much as you can handle.

### STAGE 5: CLOSING

#### 1) ALL VERBALIZE:

"I AM that I AM and I do hereby take total dominion over my creations and all the cosmic and karmic responsibilities, God willing, that go with them, physical and etheric."

"I do now release them to the cosmos for their divine help."

*(Take three deep diaphragm breaths, releasing to the universe as you exhale. As you inhale, use your hands to build about a 12" diameter ball of energy by working your hands around an invisible ball in front of you in the area of your root, solar plexus and your heart chakras. Then as you exhale, lift the ball with your hands in front of your mouth. Exhale forcefully into the ball as you push it away with your hands.)*

"I call to my Higher Self to furnish a key, in the form of a name, sound or symbol that will make the completion of this idea possible."

*(Note: If you know your key use it now. If you know what your key is, you must never, ever share it with anyone. If you are not given a sign or sound, do not be disturbed, as you just asked your Higher Self to supply this key for you.)*

"It is finished, nevertheless let thy will, not mine, be done."

*(May be spoken in English or Telugu.)*

#### 2) *(Everybody say 3 times.)* "Loka Samaste Sukino Bhoughtu"

*Pronounced:* (Lo ka) (Sam as ta) (Su kee no) (Ba van tu)

*Translation:* "May all the beings in all the worlds be happy."

#### 3) *(Everybody sing 3 times.)* "Om Shanti Shanti Shanti"

*Pronounced:* (Ome) (Shanty) (Shanty) (Shanty)

*Translation:* "Om...Peace, Peace, Peace."

#### 4) *(Everybody Say 1 time ... pause ... with pointed, folded hands and a bowed head.)*

"Sai Ram (or Amen)"

*Pronounced:* (Sy)..(Rom)

*Translation:* "Amen."

#### LEADER READ ALOUD

Everyone hold hands. Let's all take a deep breath and as you exhale feel Divine Love come up and feel grounded. With every breath that you take you will feel more and more grounded. Mother/Father, I thank you for this opportunity to bring us together in your Divine Love to serve.

Hugs all around.

*Remember, the Alchemist puts all the energies together for creation to happen. Through this formulae, the Alchemist combines the thoughts, wishes and prayers of the good people and elementals of Earth into an unstoppable force. To keep the energy of your creations going strong, try every 24 hours to visualize or dwell on your creations. If you can, try to figure out logical ways for your creations to happen, visualize or think on these logical steps to creation. If you are uncomfortable with decrees and commands, just take these decrees and turn them into prayers, yours and/or prayer groups. We can all make a difference.*

*Try to keep up with news and weather information worldwide so you can see your creations coming to fruition (as they surely will). Also, this will make you aware of other problems worldwide that need our special brand of help.*

*As you see problems arise, call in the Goddesses and Angels of Truth, Love, Mercy, Justice, Compassion, Healing etc. Remember, they need our permission and one person can give them permission to step in anywhere. When you need to work quickly for whatever reason, just say -- "Let there be Light. In the name of the presence of God, which I AM, I command (insert your on the spot decree). Nevertheless, let thy will, not mine, be done."*

*If you wish to help, make copies of this Formulae for those that you know will use it for good and that are of sufficient spiritual caliber to warrant it.*

*Remember, this is a group effort and each of us adds an incredible amount onto the total energy of our creations. As our numbers rise, so will the power of these world-changing decrees. This effort cannot and will not fail. All of us that are going to be moved to use this formulae have done so before in previous lifetimes and you should know that we have all worked together at times through the history of mankind, many repeatedly. Let us all help God manifest the Golden Age for planet Earth. Place the thoughts conveyed in the decrees in your prayers and prayer circles.*

*I would also encourage anyone or any group that is going to do Divine Alchemy to realize that the point where sky/sea/land (air/water/earth) meet is the most potent place to do this creation work. Do it with Love for ALL and do it often.*

This is the 2002 Version of this work and there are approximately 90 thousand copies in 17 countries and 3 languages that we are aware of. With so many people involved, there are by now many versions and possibly untold numbers of copies worldwide. What a force! Let's change the world for Good!

*As always, I remain, Saint Germain.*

**LOVE ALL, SERVE ALL**
